

**Visitor Policy Change
due to
2019 Novel Coronavirus**

EFFECTIVE IMMEDIATELY

The health and safety of our patients, visitors, employees, and community remain our top priority. Therefore, in line with the latest guidelines issued by public health officials related to COVID-19, we have revised our visitation policy and screening process.

Visitors are limited to **2 visitors** per patient at all times.

All other visitors must remain outside the building.

Upon request to enter the building, each visitor will be screened and your temperature will be obtained.

Based on the results of the screening and temperature you may not be allowed to visit.

Hand hygiene will be required each time you enter the building.

Visitors must bring their own face covering to wear during visit.

Options for face covering include cloth mask, bandana, or scarf.

***We greatly appreciate your understanding and patience during this time.
Working together, we will get through this crisis.***

***For questions or concerns, please feel free to contact the
Hospice House Administrator (707) 267-9800***
